

Group Financial Controller

Frist:

06-11-2026

- to a growth company based in Herlev

Do you have a few years of experience from audit, group finance or financial controlling, and are you ready to take the next step in a complex, international group? Do you want to develop your skills within consolidation, IFRS and group reporting alongside experienced colleagues? Then you could be our new Group Financial Controller.

Kontaktperson:

Henrik Korsholm

Jobområde:

Finans

About us

ECIT is one of the largest IT and finance groups in the Nordics, with more than 3,300 employees and a revenue of more than NOK 5 billion in annual basis. Our expertise, size, and Nordic roots provide us with the solid foundation needed to help businesses manage and optimize the most essential aspects of their operations in finance, IT, and business solutions.

What sets ECIT apart from similar companies is both our history and our commitment to the local communities in which we operate. ECIT is driven by entrepreneurs, and part of ECIT is owned by its subsidiaries and the entrepreneurs behind them. It is our local ownership and ties to regional markets that form the core of ECIT—and that is something we are proud of. We have dedicated leaders and employees who work every day to deliver the highest value to our customers.

We care about helping our people grow. With us, you will have the opportunity to learn and work with all aspects of accounting and financial reporting – from monthly closing and consolidation to IFRS, analysis and M&A – supported by experienced colleagues who are happy to share their knowledge. Since its founding in 2013, ECIT has grown into a group with offices in 11 countries across Northern Europe. ECIT remains a young company with ambitious growth plans, and as one of our employees, you'll have the opportunity to help shape our future growth.

ECIT provides services in three main areas: finance, including accounting, payroll, and advisory services; IT, with a focus on outsourcing, hosting, and security; and tech/software solutions for finance, payroll, and office support. Every business deals with IT and finance in one way or another, and by combining IT and finance, we make it easier for our customers to run forward-thinking companies.

About the role

ECIT is looking for an analytically strong Group Financial Controller to join our Group Controlling team. Our Group Finance team consists of around 20 finance professionals, most with backgrounds in auditing and finance, located in Herlev, Denmark, Oslo, Norway and Vilnius, Lithuania. ECIT is a complex group with many entities and varied ownership structures – which gives you a steep learning curve and broad exposure to group reporting, consolidation and IFRS.

You will be part of the monthly, quarterly, and annual reporting cycle and gradually take on your own areas of responsibility, including controlling of selected subsidiaries. You will receive close sparring from experienced colleagues and work directly with stakeholders across the Nordics and Baltics.

Key responsibilities include:

- Preparation of monthly, quarterly, and annual group reporting
- Consolidation of group entities and review of subsidiaries' reporting to the group
- Conducting various analyses in the monthly closing process (e.g., cash flow, growth, margins, and IFRS 16)
- Preparation of ad hoc analyses for Group Finance management
- Contributing to the optimization of closing processes, reporting models and automation
- Collaborating with local finance teams, shared service centers and external auditors

Lokation:

2730, Herlev

- Participating in M&A-related tasks and integration of acquired companies

The position is based at ECIT's Danish headquarters in Herlev and reports to Head of Group Controlling & Reporting, Henrik Korsholm.

About you

We are looking for a motivated finance professional with 2–3 years of relevant experience, for example from an audit firm, a group finance function, or as a financial controller in a larger company. More important than many years of experience is a solid accounting foundation, an analytical mindset, and the drive to develop quickly in a demanding environment.

We want you to identify with our values: Courage, Open Communication, Entrepreneurship, and Integrity, so you can contribute to maintaining the group's vision.

Key qualifications and skills:

- A relevant degree, e.g. cand.merc., cand.oecon., HD(R) or similar
- A few years of experience from audit, group finance or financial controlling in a larger company
- Good accounting knowledge – experience with IFRS and consolidation is an advantage
- Strong analytical skills with a structured and detail-oriented approach
- Takes ownership of tasks and ensures deadlines are met
- A team player who collaborates effectively with colleagues and stakeholders across countries
- Strong Excel skills
- Interest/Experience working with AI – especially in a finance function is a plus
- Proficient in Danish (or Norwegian / Swedish) and English, both written and spoken

We offer:

- A dynamic and professional working environment with engaged and experienced coworkers
- Strong development opportunities and a steep learning curve in an international group
- Close sparring and knowledge sharing with experienced Group Controllers
- Flexible working hours and the possibility of working from home
- Travel activity of approximately 5 days per year to our locations in Northern Europe (HQ in Oslo) and SSC in Lithuania
- Several social activities in both Denmark and abroad
- Competitive salary package equivalent of experience, competences etc.

Starting date

As soon as possible or by agreement.

Application and contact

Please send your application as soon as possible via the application link below – we review applications on an ongoing basis. If you have any questions about the position, please contact Head of Group Controlling & Reporting, Henrik Korsholm at e-mail: hkorsholm@ecit.com. Please note that we do not accept applications via email. We are looking forward to hearing from you!
